Freshmen visited Midland University and were given an "intro to college" presentation. They learned about the importance of having good grades all through high school as well as finding their passion in life and pursuing it.

Sophomores attended UNL Career Day hosted by WSC. They were able to learn about 3 potential career fields and listen to 2 speakers about topics such as "Hot Future Jobs."

Juniors will be visiting College of St. Mary and Creighton University so they can explore life at a Catholic college or university.

I encourage the students to read my newsletter and find the "hidden fact". So here goes....My favorite book is Charlotte's Web.
